

**Dear Parents, Students, & Local Community:**

The Coatesville Area School Board voted on November 22, 2011 to revoke our school's charter. I am writing to reassure you that our school is not closing. We have anticipated this particular action by the Board for many months and this vote result was expected. The Coatesville Area School District's dispute with Graystone Academy is far from over.

Please be assured that we will appeal the District's action to the Pennsylvania Charter Appeals Board where we expect our position to be legally and fully vindicated and our school charter renewed. Throughout this appeal process and beyond, Graystone Academy Charter School will remain open and effectively functional serving our true stakeholders, our parents and our children.

Should you have any questions, concerns, or points that require clarification about the legal process and the many terrific things happening at Graystone Academy this school year 2011-2012, please contact our CEO, George May at 610-383-4311 and ([gmay@graystoneacademy.org](mailto:gmay@graystoneacademy.org)).

We also encourage you to visit and stay informed by visiting our school website: [www.graystoneacademy.org](http://www.graystoneacademy.org).

Have a very pleasant, safe, and Happy Thanksgiving holiday.
